“PRIVATE JET LUXURY WITH TURBOPROP VALUE”

NAVYAIR

# BEECHCRAFT KING AIR

Dependable, highly capable and incredibly efficient, the Beechcraft King Air is the most popular turbo-prop business aircraft in the world with an impeccable safety record.

Boasting huge cargo capacity and impressive payloads, the King Air is ideal for small groups traveling quite literally anywhere in Australia; from rural airstrips to international airports. A King Air can land in the shortest of airstrips, while carrying up to 8 passengers in complete comfort.

Classically appointed in brown leather, with seating arranged in an executive club style. This aircraft is equipped with noise cancellation hardware inside the cabin, as well as a private toilet and tea/coffee making facilities on board. All flights include light refreshments and snacks.
