GULFSTREAM G650

No aircraft compares to a Gulfstream G650 when it comes to comfort, range and speed. The flagship of the Gulfstream line, the G650 is a heavy jet capable of flying non-stop to almost anywhere in the world, affording its passengers the ultimate luxury travel experience on the way.

Climb high, breathe easy with the lowest cabin altitude of any business jet flying today; which replenishes 100 percent fresh air every two minutes, for the unparalleled passenger comfort during flight. Appointed in cream leather with seating for up to 16, the Gulfstream attention to detail is evident throughout the interior, from the seat cushions to the shape of each window, this aircraft does not compromise.

All flights are staffed by two pilots and one cabin attendant; and include an assortment of catering options and beverages.
